PRODUCT INFORMATION

MEGA UV COATER

Product Overview

The Mega UV Coater is designed specifically for UV applications. The Surface compound incorporates EDPM, making this blanket extremely resistant to swelling and embossing from UV inks and blanket washes. The Mega UV Coater has been modified to incorporate new technology in low stretch high tensile strength fabric materials, along with an enhanced compressible layer, resulting in a blanket that will print more impressions than the competitive product.

Product Benefits

- Easily strippable,
- Reduces coating build up
- Excellent durability to lay down satin and matte coating
- Consistent coating layer
- Washes easily
- High smash resistance

Physical Characteristics:

• Color	Orange
• Hardness	78 Shore A
• Buffed Surface	3 ply .067 + /-0.0008 4 ply .077 + / 0.0008
