

ALL STAR FOUNT

CONCENTRATED FOUNTAIN SOLUTION ALCOHOL REPLACEMENT

Product Overview

Use one concentrated fount where previously high dosage 1 or 2 part founts and alcohol substitutes are used.

ALL STAR is an evolution based on ALLIED'S most industry proven fountain solution and alcohol replacement technology, combined into one concentrate.

Many performance-enhancing ingredients have been incorporated into the formula to prevent problems before they can happen and ensure consistent performance, 100% of the time.

The concentration will allow for previous high dosages to be reduced.

Product Benefits

- Replace high dosage one or two part fount and alcohol subs.
- Excellent wetting and viscosity building properties, reduces surface tension to the low 30's.
- Increased dryer content ensures shorter dry times, even on non-porous substrates.
- Razor sharp reverses, cleaner screens, improved ink trapping, denser solids
- Increased gum and desensitizer ensures fast start-ups and less plate sensitivity on long press runs.
- Stabilized {buffered} pH
- Ease of using a 1-step fountain solution with a low dosage to replace alcohol.
- Helps provide lubricity to the blanket for fast paper release.
- Contains corrosion inhibitors, anti mold, anti fungal ingredients.
- Suitable for all offset inks including UV/EB.
- Compatible with all metal plates, conventional, CTP and non-metal laser plates.

Recommendations for Use

Add 3 to 5oz concentrate per gallon of water.

Approximate conductivity over water per dose:-

OUNCES	COND
3	1280
4	1770
5	2160
