## LASC SUPER CONCENTRATE (LITE ACID)

Gallons makes 55 Gallons of Concentrated Lite Acid Fount 5.5pH

### *Product Overview*

A 5 gallon pail of LASC Super Concentrate makes 55 gallons of high quality mild acid fountain solution with a two to three ounce per gallon of water dosage. The result of the finished fountain solution is the same as if it were a standard lite acid produced at Allied.

LASC Super Concentrate saves cost, space, time and freight.

We supply the LASC Super Concentrate , **you supply the water!**

### *Product Benefits*

- 5 gallons added to 50 gallons of water = 55gl. of concentrate
- Produces a high quality buffered lite acid fountain solution
- Excellent for Insert /Newspapers
- Reduces storage and freight by 10 times
- Keeps water settings to a minimum
- Good wetting and desensitizing properties
- Economical price.

### *Recommendations for Use*

Add 1 part LASC Super Concentrate Super Concentrate to 10 parts water.

Example:-5 gallons. LASC Super Concentrate into 50 gallons of water. Use 2 to 3 ounces of this solution per gallon of water as a fountain solution.
