PC 93

Heavy Duty Scratch Remover & Plate Cleaner

 **Product Overview**

Containing a small amount of tiny spherical abrasives, PC 93 is a heavy-duty scratch remover and plate cleaner. It is an acid based emulsion. Lifts and removes ink from the plate quickly while desensitizing and wetting the plate background.

 **Product Benefits**

- Lifts and removes ink quickly
- Will not cause blinding.
- Contains mild, spherical abrasives to lift ink.
- Conditions the non-image area of the plate to accept water
- Removes deep scratches, scumming, oxidation and plate sensitivity.

 **Recommendations for Use**

For every day use:- Pour onto a shop towel or sponge, wipe over plate with a side-to-side motion paying particular attention to the sensitive areas. Wash off with water and run.

For deep scratch removal:- Rub into the scratch and allow to sit for a few seconds before washing off.
