AQ COATING & SHOP CLEANER

Cleaner for water-based coating units and Shop Cleaner

Product Overview

AQ Coating & Shop Cleaner thoroughly cleans water-based coating systems and units. Use it to remove ink from the press framework, floors, and other areas of the pressroom.

Product Benefits

- Thoroughly cleans water-based coating systems and units.
- Removes unwanted ink from press framework.
- Removes old stains from floors.
- Super concentrated.
- Easy to use; fast acting.
- Low VOCs.

Recommendations for Use

To clean coating systems or units: dilute with water up to 100% or use full strength. First time users start by diluting with 25% water.

To remove ink from press framework: pour onto a clean shop towel and wipe ink away, or spray direct from a trigger spray bottle onto ink and wipe away.

To remove ink stains from floors: pour or spray onto ink stain, leave for one minute, wipe stain away.
