

ALLIED PRESSROOM PRODUCTS

*PRODUCT INFORMATION*

# EnviroSOLV

*Environmentally Responsible*

*Blanket & Roller Wash*

ITEM# 10088- B 2.5 GAL

*Exclusively blended for Kelly Paper*

## *Product Overview*

**EnviroSOLV** is a safe, medium drying blanket & roller wash designed for offset printing presses. This environmentally responsible roller wash is compliant with South Coast Air Quality Management District with a VOC limit of well below the 100 grams per liter regulations.

## *Product Benefits*

- Effectively removes ink & contaminants
- Acetone free formula
- Safe on all rubber rollers, blankets and components
- Economical
- Mild odor
- Works well in removing ink without hardening rollers
- Extremely low voc limit
- Medium drying

## *Recommendations for Use*

**\*Manual wash ups/cleaner sheets:** 1<sup>st</sup> Apply **EnviroSOLV** to your roller train sparingly allowing the wash to oscillate and effectively lift the ink. 2<sup>nd</sup> engage your form roller/cleaner sheet(s) and begin to remove the ink utilizing more **EnviroSolv** until ink is removed. 3<sup>rd</sup> Final rinse/wash should include Xpress Wash, CA Ultra Wash or CA Rinse and a cleaner sheet.

**Manual wash ups/ink wash up blades:** 1<sup>st</sup> Apply **EnviroSOLV** to your roller train sparingly allowing the wash to oscillate and effectively lift the ink. 2<sup>nd</sup> engage your wash up blades and begin to extract ink and debris as with other washes. 3<sup>rd</sup> Final rinse/wash should include Xpress Wash, CA Ultra Wash or CA Rinse to remove any remaining residue.

**\*IMPORTANT TIP:** Because **EnviroSOLV** contains water, **do not over saturate** your roller train when using cleaner sheets. Excessive water will cause cleaner sheets to prematurely deteriorate and begin to break apart while cleaning.
