MRC-ANC

Fast-acting, fast-evaporating metering roller cleaner

Product Overview

MRC-ANC is a fast-acting, fast-evaporating metering roller cleaner. It removes ink and other contaminants quickly and thoroughly from metering and other dampening rollers. An extra fast rate of evaporation guarantees that no solvent residues enter the dampening system. **MRC-ANC** removes ingrained ink vehicle which can lead to ink feedback on dampening rollers.

Product Benefits

- Extra fast evaporation characteristics; no solvent residues.
- Removes ink and other contaminants quickly.
- Penetrates for deep cleaning, ensuring the roller stays cleaner longer.
- Contains no methylene chloride (a suspect human carcinogen).

Recommendations for Use

Pour **MRC-ANC** onto a clean shop towel. Wipe back and forth over the entire length and circumference of metering roller. Repeat until clean.
