*PRODUCT INFORMATION*

## WMX-500 WASH

*Blanket & Roller Wash up to 50% Water Miscible*

### **Product Overview**

**WMX-500 Wash** was developed for compliance to Bay Area Air Quality Management District Rule 820. When mixed with a minimum of 40% water, **WMX-500 Wash** remains under the limit of 500 Grams per liter of VOC. The unique combination of solvent & water works extremely well in quickly dissolving inks, removing dried gum and paper contaminants from both blankets and rollers. Along with excellent cleaning performance, the water miscibility of **WMX-500 Wash** yields twice as much useable wash.

### **Product Benefits**

- Low odor
- BAAQMD Compliant ( *When mixed with a minimum of 40% water* )
- Use for blankets and rollers.
- Leaves no greasy residue
- Reduced solvent use on rubber rollers
- Up to 50% water miscible.

### **Recommendations for Use**

**USE:** Mix **WMX-500 Wash** with up to 50% water and shake vigorously until emulsion is formed. *WMX-500 Wash may need to be shaken periodically if separation of emulsion is noticed.*

**As a roller wash:** Pour a small amount over the top rollers of the ink train. Allow **WMX-500 Wash** to oscillate and work through the rollers, adding more if necessary. When the ink appears to be emulsified, engage clean up blade or wash up device. Continue with **WMX-500 Wash** until all ink is removed. Finish with a generous water rinse for removal of any remaining detergents.

**As a blanket wash:** Pour a liberal amount onto a clean shop towel. Wipe entire blanket with a side-to-side motion.
